* 2020 figures are based upon the Centre Assessed Grades process in place of external examinations

** 2021 figures are based upon the Teacher Assessed Grades process in place of external examinations

*** Estimated figures shown for progress 8 as national measures are not available

Note A: This shows the number of pupils who either stayed in education or went into employment after finishing key stage 4 (after year 11, usually aged 16). This is for pupils who finished year 11 two years before the year of publication. For example, the 2019 table shows pupils who finished year 11 in 2017, which is the most recent data currently available. This figure covers any sustained education or employment destination.
