WELCOME TO SIXTH FORM

Choosing the right Sixth Form is an important step, shaping not only your academic journey but also your future ambitions. At St Peter's School, we want every student to feel confident in choosing subjects they enjoy, excel in, and are passionate about pursuing further.

Sixth Form life at St Peter's is about far more than examinations. As part of our welcoming and ambitious community, students are encouraged to embrace opportunities both inside and outside the classroom, developing into confident, compassionate, and well-rounded young adults. From leadership roles and enrichment activities to productions, charity work, competitions, and public speaking, students are supported to grow socially, personally, and academically throughout their time with us.

Our academic standards remain consistently high, with an excellent A level pass rate and our progress being amongst the strongest in the county. Students progress successfully to a wide range of destinations including Oxbridge and Russell Group universities, apprenticeships, specialist training, and employment pathways.

At the heart of our Sixth Form is exceptional pastoral care. Through our dedicated tutor programme, students receive personalised support, guidance, and encouragement, ensuring they are challenged academically while also supported in their well-being and personal development.

As a Catholic school, we value every student as an individual. While students do not need to be practising Catholics to join our Sixth Form, we ask everyone to embrace our ethos of respect, kindness, and striving to become the very best version of themselves.

Our Sixth Form is a vibrant, supportive, and inspiring place to study, and we warmly invite you to visit and experience it for yourself.

Simon Atkins
Head of Sixth Form

WHY 6TH FORM?

Sixth Form is a time to discover new interests, challenge yourself academically, and prepare for the future you want to create. At St Peter's School, students benefit from a broad choice of A Level and vocational courses, leadership opportunities, enrichment activities, trips, and experiences beyond the classroom that help build confidence, independence, and ambition.

We believe every student thrives when they feel known, valued, and supported. Our Sixth Form community offers personalised pastoral care, academic mentoring, and dedicated well-being support to help students grow both academically and personally. From your first day to your next destination, we are here to guide and encourage you every step of the way.

Our strong academic results reflect the commitment of both students and staff. With expert teaching, high expectations, and personalised guidance, students are encouraged to achieve their very best and progress to leading universities, apprenticeships, professional training, and rewarding careers.

Our Sixth Form achieves the highest student progress of any school or college across BCP*

*Summer 2025

At St Peter's School, our consistently strong academic results reflect the dedication of our students, the expertise of our teachers, and the supportive environment at the heart of Sixth Form.

With our great outcomes, students are empowered to achieve their ambitions and progress confidently to university, professional training, apprenticeships, and future careers.

A LEVEL

"Creative freedom, opportunity and invitation to create, teaching style is laid-back, strong in both creative nurturing and critical feedback."

Sandy Lu

ART & DESIGN

THE COURSE

St Peter's Art A Level provides exciting, diverse and challenging creative opportunities. It has established an outstanding reputation for student success, developed through experimental and forward-thinking teaching and learning. Gallery visits, artist workshops and residential fieldwork also form an important part of a rich and rewarding curriculum.

MINIMUM ENTRY REQUIREMENTS

Grade 5 or above GCSE Art, Photography, Textiles, or an alternative arts-based option. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

English Literature, English Language, History, Product Design, Fashion & Textiles, Art Based Photography.

OPPORTUNITIES

Provides an excellent foundation for further study or careers in the creative industries, including Architecture, Design, Illustration, Fashion, Animation and Film Making. Many students progress to an Art, Design or lens-based degree or Foundation course.

« SCAN TO FIND OUT MORE

A LEVEL

"The course is hands-on and creative, with amazing teachers who really help you improve. It's inspired me to explore a future in photography, videography, and content creation."

Megan Castro

ART BASED

PHOTOGRAPHY

THE COURSE

This A Level is an arts-based option that will enable you to look, think, question, articulate and create with heightened sensitivity. It has established an exceptional reputation for experimental and forward-thinking teaching and learning. Gallery visits, artist workshops and residential fieldwork also form an important part of a rewarding pathway that is both highly practical and academically rich.

MINIMUM ENTRY REQUIREMENTS

Grade 5 or above in GCSE Photography, Art, Textiles, or an alternative arts-based option. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

English Literature, History, Product Design, Fashion & Textiles, Art & Design.

OPPORTUNITIES

A strong foundation for careers or further study across creative industries, including Photojournalism, Advertising, Media, Design, Fashion, Animation and Film Making. Most students progress to a lens-based degree or foundation course.

A LEVEL

"Complicated but rewarding content especially in year two. Teachers are some of the best you will have who are genuinely interested and passionate in this subject."

Gabriel Holubowicz

BIOLOGY

THE COURSE

A Level Biology offers an opportunity to understand and relate to the living world around us. You will develop an understanding of how we maintain life both internally within our body and externally within our environment. You will study a subject that is constantly evolving from finding cures for diseases to advancements in genetic engineering that could change life forever. The course offers individual and group research, investigations and fieldwork that will develop independent learning as a Sixth Form student.

◀ SCAN TO FIND OUT MORE

MINIMUM ENTRY REQUIREMENTS

GCSE Biology Grade 6 or Combined Science (Trilogy) Grade 6-6 plus GCSE Mathematics Grade 6 or GCSE English (Language or Literature) Grade 6. If you are planning on studying more than one science at A Level, we would prefer you to have Grade 7 in these at GCSE.

COMBINES WELL WITH

Chemistry, Mathematics, Social Sciences, PE, Geography and Health & Social Care.

OPPORTUNITIES

Leads to careers in Medicine, Dentistry, Veterinary Science, Physiotherapy and other health fields, as well as degrees in areas such as Ecology, Genetics, Biotechnology and Biomedical Sciences. Highly regarded by universities, A Level Biology demonstrates strong analytical thinking and is both challenging and rewarding to study.

A LEVEL

"The subject goes into depth about what happens in a business away from the consumers eye. Lessons are really interactive, with lots of opportunities for discussions to break things down."

Anna Davies

BUSINESS

THE COURSE

Business A Level is the course for you if you see yourself as an entrepreneur, running your own business, being a specialist in a large company or having great business ideas. It is relevant to whatever you do in the future - all opportunities have a link to what is learnt on this course.

◀ SCAN TO FIND OUT MORE

MINIMUM ENTRY REQUIREMENTS

GCSE business grade 6 or a CAMNAT Level 2 Merit. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

From Chemistry to Drama (and everything in between) fits with studying Business.

OPPORTUNITIES

A Level Business enables you to follow most careers and is particularly useful for those considering law, accountancy, banking, insurance, marketing, human resources, but principally for those students considering starting their own business.

A LEVEL

"The best thing for me is the constant building on knowledge as it allows me to be more and more curious and interested in what I'm learning."

Kayla Gweshe

CHEMISTRY

THE COURSE

From smart phones to the atmosphere, chemistry underpins every aspect of everyday life. With advances in fields such as nano materials, Astrochemistry and environmental science, there's never been a better time to study it. A Level Chemistry combines independent practical work with a strong theoretical foundation, encouraging you to explore and understand its impact on the world around you.

MINIMUM ENTRY REQUIREMENTS

GCSE Chemistry Grade 6, or GCSE Combined Science (Trilogy) Grade 6-6. Plus GCSE Mathematics Grade 6. If you are planning on studying more than one Science at A Level, we would prefer you to have Grade 7 in these at GCSE.

COMBINES WELL WITH

Biology, Physics, Mathematics & Further Mathematics.

OPPORTUNITIES

Chemistry is essential if you wish to study medicine, dentistry, veterinary science and many other science vocations such as forensics, chiropractics and pharmacy. It is also a highly regarded academic subject for entry to a wide range of courses including architecture, law and engineering.

MINIMUM ENTRY REQUIREMENTS

GCSE Computer Science grade 6. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

Mathematics, Further Mathematics, Physics, Economics.

OPPORTUNITIES

A strong foundation for careers in Technology and STEM, A Level Computing equips you for a data-driven, AI-powered world. It develops computational thinking, enabling you to solve problems, design systems and understand human and machine intelligence.

A LEVEL

"I really love A Level Dance because it's broadening my knowledge as a dancer through both the practical work and the theoretical side of the course. It's been so inspiring that I'm now looking into musical Theatre schools that offer a balanced focus on dancing, singing & acting."

Olivia Morgan

DANCE

THE COURSE

A Level Dance will enable you to think critically about Dance as an art form, to develop your knowledge of the study of Dance in higher education, experience performance and choreography through practice and prepare you to pursue further training in dance at university or in a vocational context.

MINIMUM ENTRY REQUIREMENTS

GCSE Dance grade 6, plus GCSE English language or Literature grade 5 or evidence of extensive dance training. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

Drama & Theatre Studies, Music, Physical Education, English Literature, BTEC Performing Arts.

OPPORTUNITIES

Performer, Choreographer, Teacher, Dance Science (Anatomy and Physiology), Arts Administration, Education Officer for a Dance Company, Dance Critic/Journalist, Dance or Movement Therapy, Fitness/Pilates/Yoga Instructor.

DRAMA & THEATRE STUDIOS

A LEVEL

"Studying Economics has definitely inspired me to consider it as a university option. The course has deepened my interest in The subject and made it a serious choice for my future after sixth form."

Filip Perzyna

ECONOMICS

THE COURSE

Economics is about looking at the limited resources in the world and matching these with unlimited demands, giving you a greater interest, understanding and awareness of the world in which you live and the role that you play in it, both now and in the future. It's real, it's relevant and looks at topical issues.

MINIMUM ENTRY REQUIREMENTS

A combined total of 10 across GCSE English Language and English Literature, plus GCSE Mathematics Grade 6. A genuine interest in current affairs is also essential.

COMBINES WELL WITH

Economics will fit with any other subjects but, depending on where your future lies, it combines well with Mathematics, Government & Politics and Geography.

OPPORTUNITIES

Economics is a well-established, academic subject that is highly regarded by employers and universities in the UK and further afield. It can lead to a wide range of interesting careers, which include opportunities in both the public and private sectors.

« SCAN TO FIND OUT MORE

A LEVEL

"The English teachers clearly love the subject which makes it fun to be in lesson and therefore making out learning fun and engaging. They always help if we find a certain element tricky as well as marking essays or past paper questions we've done outside of lessons in their own time. I'm going to study communications and media at university and the skills English language has given me will undeniably help me with my post 18 studies"

Alexia Thomas

ENGLISH

LANGUAGE

THE COURSE

This is your opportunity to explore the way people use both spoken and written language in all the diverse contexts and cultures that the 21st century offers. You will become an expert in the way written English is used to represent ideas and events, and explore the multiple influences that cause variations in the way English is spoken- both within the UK and around the globe. You will also have opportunities to develop your creative writing skills, and even undertake your own piece of original linguistic research.

MINIMUM ENTRY REQUIREMENTS

GCSE English Language Grade 5 and English Literature Grade 5.

COMBINES WELL WITH

History, Geography, Psychology, English Literature, Government & Politics, Sociology, Art & Design, Art Based Photography.

OPPORTUNITIES

Excellent preparation for careers involving the use of English, including PR, Journalism, Media, Web Development, Copy Writing, Law and Creative Writing. Study of child language development also supports careers in Teaching, Psychology, Counselling and working with children.

« SCAN TO FIND OUT MORE

"I have loved this course and my teachers show a clear passion for the subject they teach. I've enjoyed every lesson."

Megan Davies

ENGLISH LITERATURE

THE COURSE

Perfect for readers, writers, poets, and theatre lovers, English Literature encourages imagination, critical thinking, and creative expression. Through studying a wide range of texts, you'll explore different perspectives, ideas, and cultures while developing strong analytical, interpretative, and communication skills through prose, poetry, and discussion. Highly valued by universities, A Level English Literature provides excellent preparation for higher education and beyond.

MINIMUM ENTRY REQUIREMENTS

GCSE English Literature Grade 6.

COMBINES WELL WITH

History, Geography, Art & Design, Sociology, Psychology, Drama & Theatre Studies.

OPPORTUNITIES

A highly regarded A Level that supports progression to a wide range of degrees, including English, Arts and Humanities, Languages, Business and Law. Opens pathways to careers in Publishing, Journalism, Education and the Arts, while developing strong analytical thinking and communication skills.

◀ SCAN TO FIND OUT MORE

A LEVEL

"I like That the subject allows you creative freedom with lots of opportunity to problem solve independently."

Milly Mckenna

FASHION & TEXTILES

THE COURSE

The Fashion world is a fast changing and exciting industry with more than 79,000 businesses employing over 340,000 people in the UK alone. Fashion & Textiles A Level will develop your knowledge and skills to enable you to design and produce exciting textile products around your personal interests. You will develop a well-rounded understanding of all aspects of the fashion industry; from decorative techniques, pattern cutting, the history of fashion, fashion designers, how fibres and fabrics are made and the ever changing world of smart and technical textiles.

MINIMUM ENTRY REQUIREMENTS

GCSE Textiles or Design & Technology at Grade 5, plus GCSE Mathematics at Grade 4 and GCSE English Language or Literature at Grade 4. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

Art & Design, Art Based Photography, Mathematics.

OPPORTUNITIES

A strong foundation for careers or further study in Fashion and Textiles, including Fashion and Costume Design, Clothing Technology, Buying, Journalism, and visual merchandising. Pathways also include printed, woven, and knitted textile design, with many students progressing to foundation courses and creative degree programmes.

"The best thing about the course is how personalised the teaching is, the teacher really cares about your learning"

Tom Barnes

FRENCH

THE COURSE

A Level French builds on the knowledge, understanding and skills gained at GCSE. It fosters a range of transferable skills including communication, critical thinking, research skills and creativity, which are valuable to the individual and society. The course focuses on how French-speaking society has been shaped, socially and culturally, and how it continues to change.

MINIMUM ENTRY REQUIREMENTS

GCSE French Grade 6.

COMBINES WELL WITH

Languages really come into their own when set alongside expertise in another field. It is therefore reasonable to suggest that French will combine well with any other A Level subjects.

OPPORTUNITIES

Leads to specialist careers such as interpreting, translating and teaching, while also supporting a wide range of roles in an increasingly international workplace. French can be studied alongside many other subjects at university.

◀ SCAN TO FIND OUT MORE

A LEVEL

"The teaching is really good and you get a mix of input from the teacher, with enough time for independent learning. I want to do a degree in Environmental Science, and the geographical topics have pushed me towards this choice."

Libby Rogers

GEOGRAPHY

THE COURSE

Geography A Level is a well regarded contemporary academic subject with practical problem-solving skills developed as part of fieldwork opportunities. Geography is recognised as a facilitating subject by Russell Group Universities.

MINIMUM ENTRY REQUIREMENTS

GCSE Geography Grade 5. Candidates with no GCSE Geography will require GCSE English (Language or Literature) or another Humanities subject at a Grade 6.

COMBINES WELL WITH

Geography sits comfortably in between the arts & science subjects so ties in well with many other subject areas.

OPPORTUNITIES

Geography is a really versatile subject. Recent students of Geography have gone on to do degrees at a range of universities, apprenticeships with national retail organisations, working for financial institutions, pilot, travel and of course teaching.

◀ SCAN TO FIND OUT MORE

A LEVEL

"The teachers make every lesson enjoyable and unique and I love learning more about our government and about the world as I feel that as I am the next generation to be living in it and fixing it I need to be aware of it all"

Faith Carroll

GOVERNMENT & POLITICS

THE COURSE

Government & Politics will enable you to understand the world around you. Did Boris Johnson alter the role of Prime Minister? How powerful is the President of the United States? Is our political system democratic enough, or do the people have too much power? These are all questions that have competing answers. To be able to offer a response you must have the ability to attain in-depth knowledge and be able to evaluate evidence to reach substantiated judgments on a range of political issues.

MINIMUM ENTRY REQUIREMENTS

GCSE English Literature or History Grade 5.

COMBINES WELL WITH

History, Economics, Geography, English Language, English Literature.

OPPORTUNITIES

Pathways include Journalism, the Civil Service and Political Research, as well as careers in Academia and Education. The subject also supports progression into business, where strong analytical thinking, communication and research skills are highly valued.

« SCAN TO FIND OUT MORE

"I've really enjoyed studying The Tudors and the Cold War at A Level, especially because they're topics I didn't cover at GCSE. It's been great to explore new areas of history and learn about events that have shaped the world."

Joe Davies

HISTORY

THE COURSE

History is a fascinating subject that will enrich you as a person and make you valuable to any university or employer. In our world of 'fake news' and competing opinions, it is more important than ever to be able to evaluate information critically. Historians are trained to think independently and analytically. Alongside developing valuable transferable skills and a deeper understanding of the modern world, you'll also visit the Chalke Valley History Festival to hear leading historians and experts speak on their specialist subjects.

MINIMUM ENTRY REQUIREMENTS

GCSE History Grade 5. Candidates with no GCSE History will require GCSE English (Language or Literature) or another Humanities subject at a Grade 6.

COMBINES WELL WITH

Government & Politics, Economics, English Literature, Geography and Psychology.

OPPORTUNITIES

A highly respected subject, History is recognised by Russell Group universities as a key facilitating subject, valued for its strong transferable skills. It supports progression into a wide range of careers, including Law, Policing, the Civil Service, Politics, Journalism and Research.

« SCAN TO FIND OUT MORE

"The Maths teachers are really experienced and genuinely want the best for the class. There are extra help sessions available each week, which really support our learning and confidence."

Hughie Jackman-Jones

MATHEMATICS

A LEVEL

"The Maths teachers are very knowledgeable and also have a great sense of humour, which makes learning easier and more enjoyable."

Tom Barnes

FURTHER

MATHEMATICS

THE COURSE

Mathematics is a discipline, and a tool which is being increasingly used in industry to solve problems. Although not all of the subject content is always directly relevant to future employment, the fact that a student has succeeded at this subject shows that they have developed skills that are highly regarded. This subject is therefore the most versatile qualification for further education and employment.

MINIMUM ENTRY REQUIREMENTS

GCSE Mathematics Grade 7.

COMBINES WELL WITH

Economics, Chemistry, Further Mathematics, Physics, Product Design.

OPPORTUNITIES

Mathematics supports entry to a wide range of university courses and is often required for science, engineering and medical degrees. It also underpins many other subjects with a statistical element, making it a valuable and widely applicable A Level.

« SCAN TO FIND OUT MORE

THE COURSE

Further Mathematics A Level offers a deeper exploration into the fascinating world of mathematics, going far beyond everyday applications. Designed for students with a genuine passion and enthusiasm for the subject, the course introduces advanced areas of mathematics rarely encountered at this level. Success requires curiosity, commitment, and strong self-motivation alongside mathematical ability. Taken after the fast-track one-year Mathematics A Level, this course gives students the opportunity to achieve two of the most highly regarded A Levels available.

« SCAN TO FIND OUT MORE

MINIMUM ENTRY REQUIREMENTS

GCSE Mathematics Grade 8. Further Mathematics A Level is a one year course in Year 13, taken by students who have already achieved the full Mathematics A Level in Year 12. This course must be taken in conjunction with A Level Mathematics.

COMBINES WELL WITH

Economics, Mathematics, Physics, Chemistry, Product Design.

OPPORTUNITIES

Pathways include Engineering, the Sciences and Computing, as well as careers in Finance and Economics, where strong analytical, problem-solving and numerical skills are highly valued.

A LEVEL

"Music is a passion of mine and I am really enjoying the course. I really like that there are musical opportunities outside of lessons to get involved with."

Harry Shaw

MUSIC

THE COURSE

Music A Level is designed to allow you to pursue your own musical interests. Practical skills as a musician are central to this course, to actively engage in the process of studying music. You will develop your critical ear, performance skills, ability to compose music and manipulate musical ideas. You will build up your aural and analytical skills by studying contrasting genres, styles and traditions, developing understanding of musical contexts and a coherent awareness of music chronology.

MINIMUM ENTRY REQUIREMENTS

GCSE Music Grade 6 or Grade 5 performance on any instrument or voice (ABRSM/Trinity/Rock School or equivalent) and Grade 5 Music Theory.

COMBINES WELL WITH

Whether or not you plan to study Music at university, Music A Level is highly valued by top universities for the critical thinking, creativity, and practical skills it develops. The subject combines well with a wide range of courses, including Performing Arts, Mathematics, Sciences, Humanities, and more.

OPPORTUNITIES

Studying a music degree at university or a diploma or college performance course. It can lead to careers in Teaching, Music Production, Music Therapy or Music Management.

◀ SCAN TO FIND OUT MORE

A LEVEL

"St Peter's Music Department make everything easy to understand. I'd like to go on and do a degree in musical Theatre."

COMBINES WELL WITH
Art & Design, Mathematics, Physics.

OPPORTUNITIES

Students progress to a wide range of courses, including game design, materials science, Animation, Architectural Modelling, and Product, Vehicle or Marine Design. Work produced on the course often supports interviews and has, in some cases, helped secure unconditional offers.

PRODUCT DESIGN

A LEVEL

"The level of support from the teachers is fantastic. Everything is explained really well, so you always feel confident and know exactly what's expected of you..."

Megan Castro

PSYCHOLOGY

THE COURSE

Psychology provides an insightful and intriguing explanation of mind and behaviour. Have you ever wondered: how far people would go to obey an authority figure and why; why do riots occur; are the brains of murderers different to the brains of non-murderers? You will have the opportunity to learn in a variety of ways, through virtual learning, independent study and classroom teaching. Amongst many other learning styles, you will gain experience in role play, mind-mapping, debating

MINIMUM ENTRY REQUIREMENTS

A combined total of 10 across GCSE English Language and English Literature, plus GCSE Grade 5 in either Mathematics or Science.

COMBINES WELL WITH

Biology, Chemistry, Health and Social Care, Mathematics, Physical Education, Sociology.

OPPORTUNITIES

The course provides an excellent basis for a career or further study in many occupations. You may choose to specialise in a particular area of Psychology, or utilise your qualification more broadly in other areas such as personnel, Human Resources, Child Care or the Police Force.

« SCAN TO FIND OUT MORE

A LEVEL

"Sociology is fascinating because it directly relates to the real world. Each topic helps explain how and why society functions the way it does, making lessons feel relevant and meaningful."

Jenny Lowe

SOCIOLOGY

THE COURSE

Sociology is the study of the origin, development, organisation and functioning of human society. It looks at the science of the fundamental laws of social relations and institutions such as the education system, the justice system and families. Sociology investigates a range of topics such as: gender, stereotyping, race and ethnicity, social inequality, racism, sexism, domestic violence, lone parents, marriage and divorce and childhood, just to name a few.

MINIMUM ENTRY REQUIREMENTS

A combined total of 10 across GCSE English Language and English Literature.

COMBINES WELL WITH

Economics, English, Health and Social Care, History, Philosophy & Ethics, Politics, Psychology.

OPPORTUNITIES

A Sociology qualification opens pathways to further study and careers in Business, Finance, Marketing and Journalism. It also supports roles in public sectors such as Prisons, Education and the Health Service, where understanding society is key.

BUSINESS

THE COURSE

The Cambridge Technical Level 3 Business has been developed to meet the changing needs of the sector, and prepare you for the challenges you'll face in Higher Education or employment. Designed in collaboration with experts spanning the breadth of the sector, the Cambridge Technical in Business focuses on the skills, knowledge and understanding that today's universities and employers demand,

MINIMUM ENTRY REQUIREMENTS

GCSE Business Grade 5 or GCSE English (Language or Literature) Grade 5.

COMBINES WELL WITH

Other vocational qualifications.

OPPORTUNITIES

Technical Level Qualifications are specifically designed to enable learners aged 16+ to progress into employment, join an apprenticeship or enter university.

"The Health & Social Care course is split into coursework and exams which makes it easier to manage. The teachers are really supportive and are always there to help."

Laila Gooden

HEALTH & SOCIAL CARE

THE COURSE

Do you want to be a primary teacher? Nurse? Midwife? Social worker? Occupational therapist? Health and Social Care is a vocational Level 3 qualification for students considering careers in health and social care and education. There are two possible qualifications: the Cambridge Advanced National which is equivalent to one A Level and the CTEC Diploma which is equivalent to two A Levels.

MINIMUM ENTRY REQUIREMENTS

A combined total of 10 across GCSE English Language and English Literature, plus Merit or GCSE Grade 5 in a subject which includes coursework.

COMBINES WELL WITH

Psychology, Sociology, Art & Design, Biology.

OPPORTUNITIES

Nursing, Midwifery, Primary Teaching and other health and social care careers such as Occupational Therapy and Social Work. Past students reassure us that this Health and Social Care course provides excellent preparation for university courses.

◀ SCAN TO FIND OUT MORE

"One of the best things is the practical teaching style you learn through performance rather than exams, and the content is very varied. It helped me build a lot of confidence and teamwork skills and many other attributes that will apply to my future career in primary teaching."

Ella Mai Fletcher

PERFORMING ARTS

THE COURSE

BTEC Performing Arts is a double award that provides the training and experience needed for a career in the Performing Arts industry. Rooted in current industry practice, this highly practical course prepares students for further training while also developing a strong theoretical understanding at university standard. Students will have opportunities to work with industry professionals, with teaching taking place in professional-standard facilities including a 470-seat theatre, dance studio, and dedicated drama studios.

◀ SCAN TO FIND OUT MORE

MINIMUM ENTRY REQUIREMENTS

GCSE Drama or a BTEC Level 2 Merit in Performing Arts, Dance and English (Literature or Language) at a grade 5. If you were not able to take this subject at GCSE, you will be considered following a discussion between the subject leader and the Head of Sixth form.

COMBINES WELL WITH

Drama & Theatre Studies, Dance, Music, English and other BTEC qualifications such as BTEC Sport.

OPPORTUNITIES

Prepares students for professional training, university study or careers in performance and production. Recent graduates have progressed to leading schools including Urdang Academy, Bird College, ArtsEd, Italia Conti and Laine Theatre Arts. The course develops valuable creative and transferable skills for a dynamic and resilient industry.

BTEC

"I like that the lessons are in June and engaging, and the teachers are always helping you to get the best grades."

Alex Turner

SPORT

THE COURSE

BEC Sport is an exciting diverse qualification suited to those who have a passion for sport and are considering a future career in this field. The BTEC Sport course we offer is a Level 3 Diploma course which is the equivalent to two A Levels.

MINIMUM ENTRY REQUIREMENTS

GCSE PE grade 5 or a BTEC Sport Level 2 Merit. In addition, students will need a grade 5 in either English Language or English Literature.

COMBINES WELL WITH

Biology, CTEC Business and Psychology.

OPPORTUNITIES

Provides a strong foundation for sports-related degrees such as Sports Management, Sports Therapy, PE Teaching, Coaching, Analysis and Physiotherapy. Ideal for those looking to progress into careers in sport, fitness and physical activity development.

Enrichment

BAR MOCK

Are you a budding Solicitor, Lawyer or someone with an interest in how the justice system works? An incredible opportunity to be directly involved in criminal law. New York courtrooms are calling you.

COACHING

Would you like to learn the skills to coach younger students? Following a set framework to unlock inner potential; the coach does not give answers, instead guides their assigned student to develop a deeper thinking. It is not counselling or mentoring, the focus is on the student exploring their own ideas.

CORE MATHS

Core Maths is a practical Level 3 qualification that builds confidence in applying mathematics to real-life situations. Rather than focusing solely on abstract theory, it develops the skills needed to solve meaningful problems and use mathematics effectively in everyday life, further study and future careers.

Designed for students who want to strengthen their practical mathematical ability, Core Maths helps develop the confidence to interpret data, solve problems and make informed decisions. The course includes real-world topics such as financial mathematics, making it highly relevant to modern life and the workplace.

Core Maths also complements a wide range of A Level subjects, particularly the sciences, geography, business studies, economics and psychology, where mathematical thinking plays an increasingly important role.

As mathematical skills become ever more valuable in higher education and employment, Core Maths provides an excellent way to maintain and develop these essential skills while gaining a recognised Level 3 qualification.

EXTENDED PROJECT QUALIFICATION (EPQ)

The Extended Project Qualification (EPQ) is a Level 3 Qualification, worth the same as an AS Level. The EPQ is a research-based qualification that is highly valued by Universities and Employers. In essence, you choose a topic to research (something you are passionate about, or a subject specific choice) and begin your work whilst being supported by a teacher each week.

Your finished product may be:

- A research based written report
- A production* (eg charity event, fashion show or sports event etc)
- An artefact* (eg piece of art, a computer game or realised design).
- *A written report must accompany these options. Why should I choose EPQ?
- To gain access to top universities (Many

top Universities now lower their entry requirements if you achieve well in your EPQ).

- To develop your professional and educational skillset.
- To demonstrate an ability to think creatively, independent and resourcefully.
- It is an opportunity to be awarded a qualification for researching something you love!

MENTORING

Get involved with our wider school community. A rewarding use of your time, working with our younger students in an area of your expertise.

MUSIC GRADES

Develop your musical talents further, with guided support from the Music department.

RE-SIT ENGLISH AND/OR MATHEMATICS GCSE

If you didn't achieve a GCSE Grade 4, you will have weekly lessons and retake opportunities throughout the year.

SCHOOL PRODUCTIONS

Be a part of one of our jaw dropping performances. Roles range from acting and singing, through to backstage lighting and sound crew.

SIXTH FORM GAMES

Although this is not an enrichment option, Sixth Form Games takes place once a week for a majority of Year 12 students and is a great opportunity to exercise, socialise and relax during a busy week.

SPORTS LEADERS

Sports Leaders (Level 3 Higher) is a nationally recognised qualification that develops the skills and confidence to independently lead engaging sports and physical activity sessions.

Delivered across Years 12 and 13 during enrichment time, students learn to plan, deliver and evaluate activities in school and the wider community. Those already coaching, officiating or leading within a local sports club will be well placed to meet the course requirements.

Successful completion of the qualification is worth 16 UCAS points.

WORK EXPERIENCE

Ongoing in a relevant sector throughout the year.

YOUNG ENTERPRISE

Business and marketing in the real world; plan, produce, market and sell a product. National level competition.

FAQ

WILL THERE BE PASTORAL SUPPORT AVAILABLE?

Absolutely. At St Peter's, pastoral care is at the heart of everything we do. Alongside the daily support of your tutor, our dedicated Sixth Form pastoral team is always on hand to provide guidance, encouragement and support whenever you need it.

DO I NEED TO BE CATHOLIC TO STUDY IN THE SIXTH FORM?

No. We welcome students of all faiths and backgrounds. We simply ask that everyone embraces and respects the Catholic values and ethos that underpin life at St Peter's.

WHAT ARE THE TIMINGS OF THE SCHOOL DAY?

The school day runs from 8.50am to 3.15pm. Each morning begins with a 20-minute tutor session, providing time for notices, personal development and support throughout the year.

I DON'T CURRENTLY ATTEND ST PETER'S AND I'M WORRIED ABOUT JOINING SOMEWHERE NEW.

Starting somewhere new can feel daunting, but you won't be alone. Many students join us from other schools each year, and we work hard to help everyone settle in quickly. During your first few days you'll take part in activities designed to help you get to know your classmates, teachers and the school. From day one, you'll be

welcomed as a valued member of the St Peter's community, with our Sixth Form team on hand to support you every step of the way.

WHAT WILL MY TIMETABLE LOOK LIKE?

The Sixth Form follows a two-week timetable, with five one-hour sessions each day. Your timetable will include taught lessons, independent study periods and tutor time, giving you the opportunity to develop excellent study habits alongside your academic learning.

CAN I CHANGE MY SUBJECTS AFTER I START?

Yes. We understand that sometimes a course may not be the right fit. During the first few weeks of September, you'll have the opportunity to make changes to your subjects, provided you meet the entry requirements for your new course.

CAN I DROP A SUBJECT?

Students are expected to study a minimum of three subjects. If you begin with four, you may choose to drop your fourth subject during your time in Sixth Form. Our team will provide guidance to help you make the right decision, particularly if you are considering applying to competitive universities.

CAN I LEAVE THE SCHOOL SITE DURING THE DAY?

Sixth Form students may leave the school site during social break times. Students are expected to remain on site during lesson and study periods. However, if you have a timetabled study period after lunch, you may sign out to study from home. This privilege is based on maintaining excellent attendance and a positive attitude to learning.

WHERE CAN I STUDY DURING STUDY PERIODS?

You'll have access to a range of quiet study spaces across the school. The library provides computers and dedicated study facilities throughout the day, while the Sixth Form Centre, the Old Canteen and Costa also offer comfortable environments for independent study.

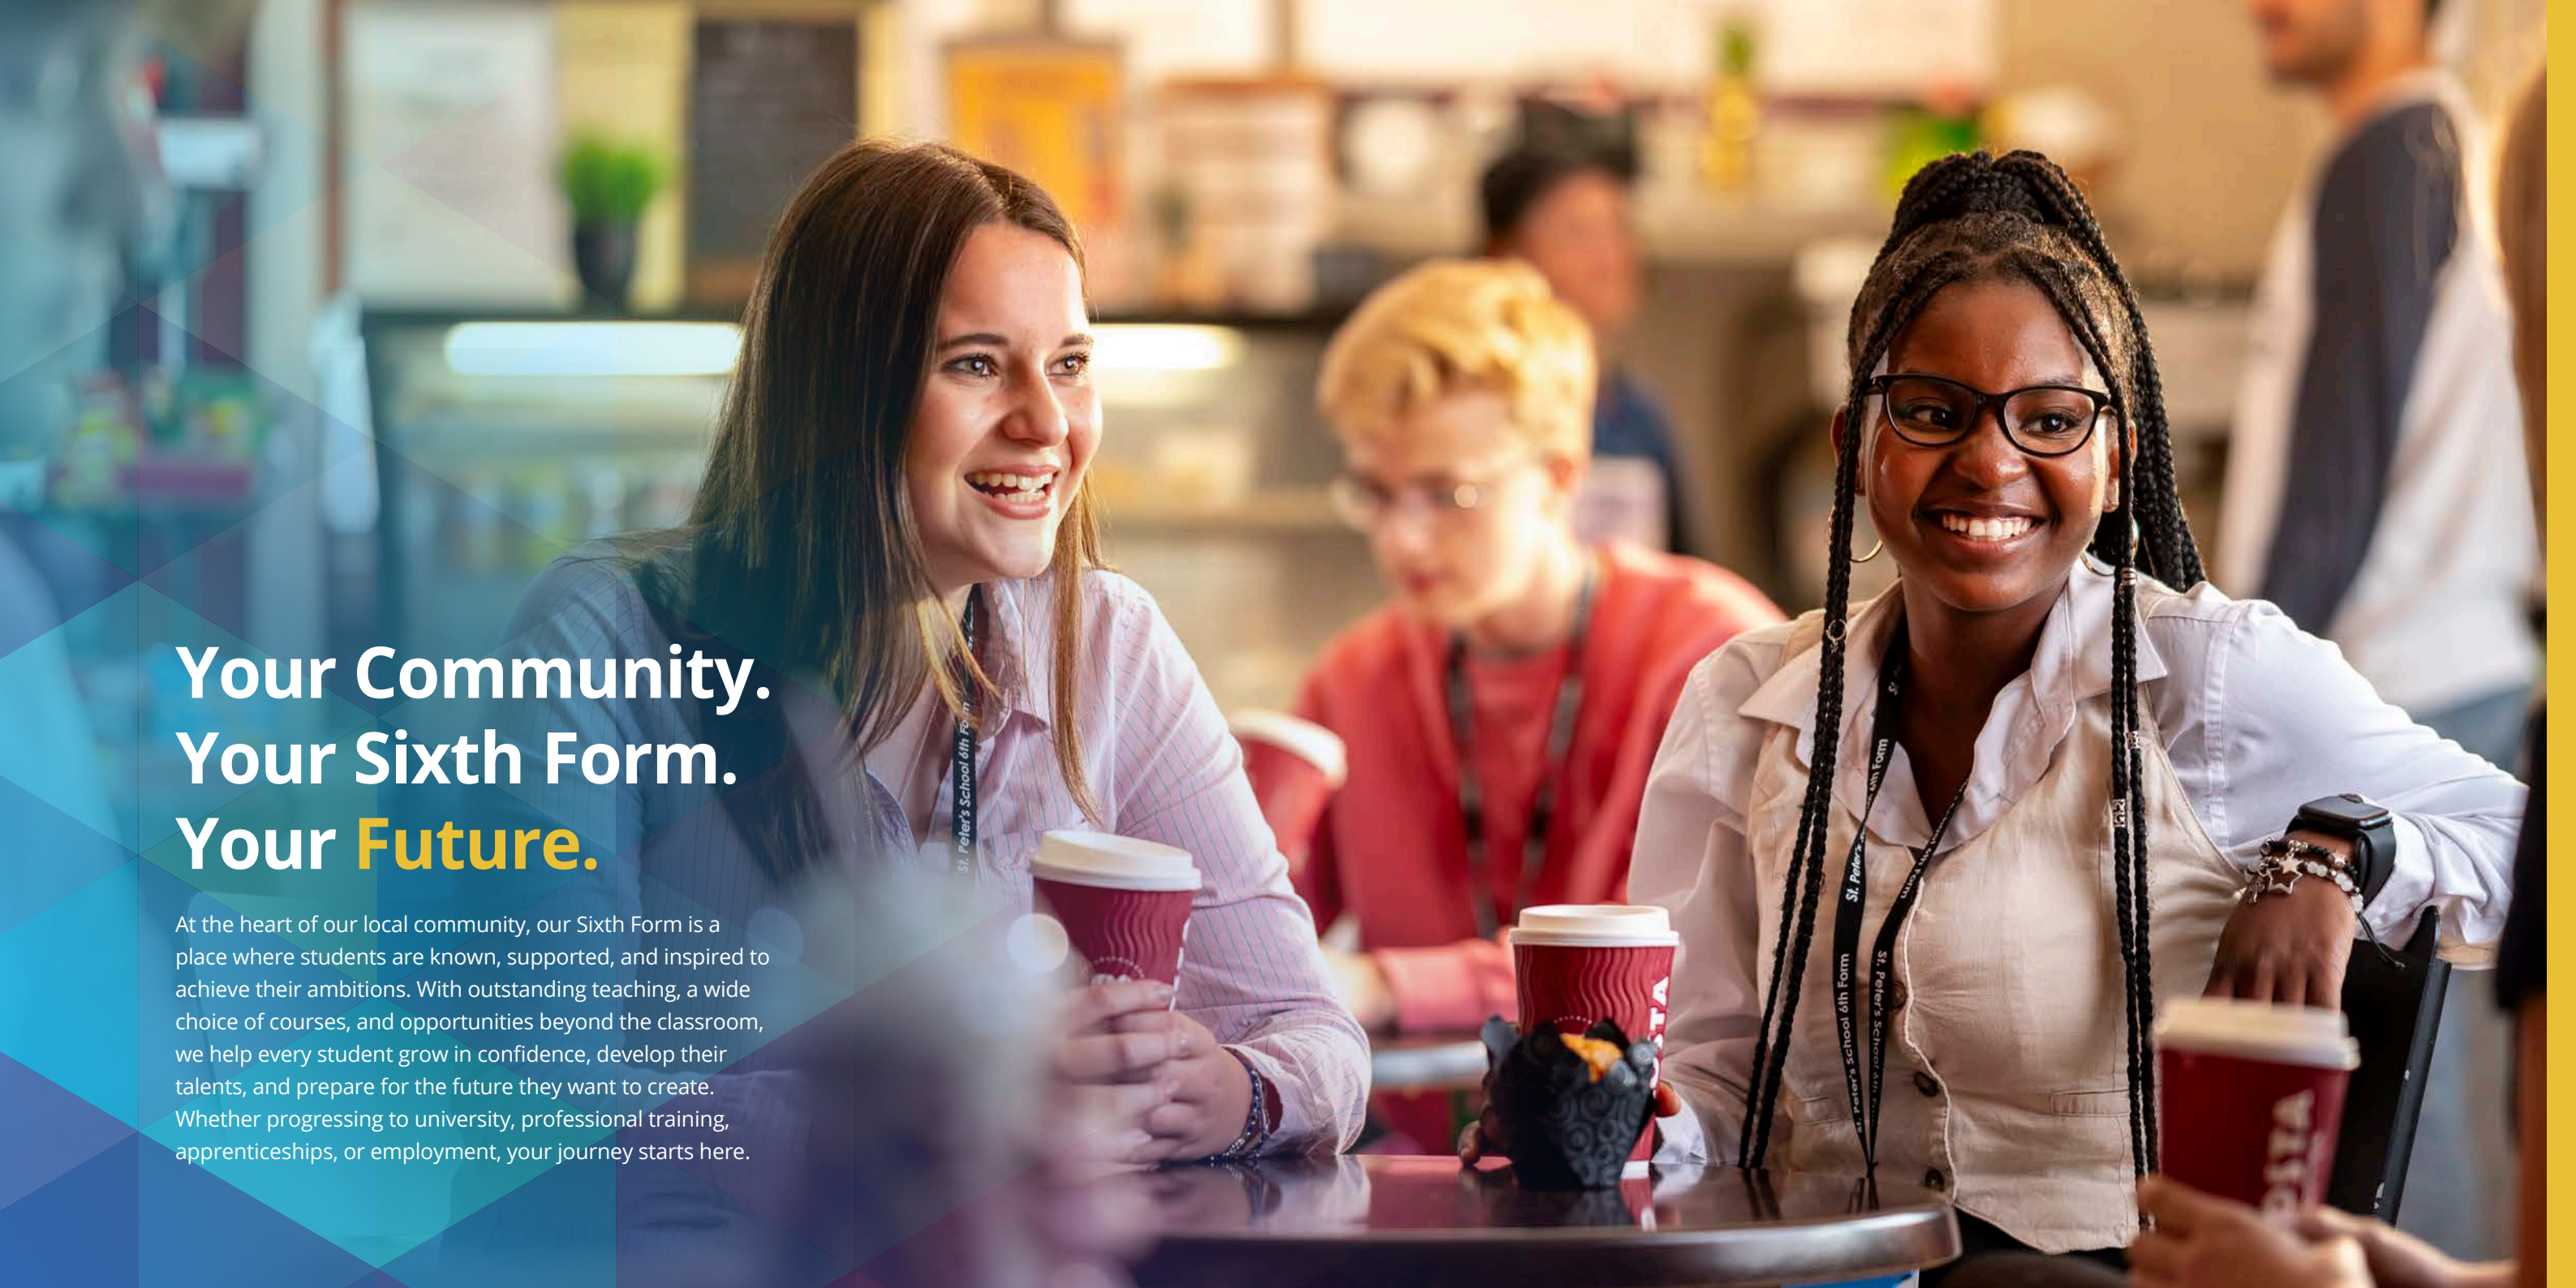

WILL I BE ABLE TO TAKE TIME OFF DURING TERM TIME?

As part of our attendance policy, we have set out below as to what is or isn't authorised.

Absence		Evidence required
Medical appointments	Yes	Students to bring evidence of appointment to Sixth Form Office
Birthdays	No	
Family gathering		Students to discuss with the Head of Year or Head of Sixth Form
Funeral	Yes	One day authorised. If longer, parents will need to contact the Sixth Form Office with details for consideration
Driving Lessons	Yes*	Photo/copy of appointment to be shown to the Sixth Form Office
Driving Theory Test	Yes	Photo/copy of appointment card to be shown to the Sixth Form Office
Driving Test	Yes	Photo/copy of appointment to be shown to the Sixth Form Office
Holidays	No	
University Open Days	Yes	Students to provide details of the Open Day and contact with the parent/carer will be required beforehand
Other i.e. examinations, job interview, participation in extra curricular activities, rehearsal for events		Students to provide evidence to the Head of Year

*During Independent Study sessions only

A photograph of two young women sitting at a dark table in a brightly lit, modern interior space, likely a school cafeteria or library. The woman on the left has long brown hair and is wearing a light purple button-down shirt. The woman on the right has dark hair in braids, wears glasses, a white button-down shirt, and a black watch. Both are smiling and holding red Costa coffee cups. In the background, other students are blurred, and a person in a red shirt is visible. A blue and purple geometric overlay is on the left side of the image.

Your Community. Your Sixth Form. Your **Future.**

At the heart of our local community, our Sixth Form is a place where students are known, supported, and inspired to achieve their ambitions. With outstanding teaching, a wide choice of courses, and opportunities beyond the classroom, we help every student grow in confidence, develop their talents, and prepare for the future they want to create. Whether progressing to university, professional training, apprenticeships, or employment, your journey starts here.

Meet your Leadership Team.

Starting Sixth Form is an exciting new chapter. From application to university, apprenticeships or employment, our experienced team will support you in achieving your ambitions and making the most of every opportunity at St Peter's.

Simon Atkins

Head of Sixth Form

I love working alongside ambitious, motivated students and helping them achieve their goals.

Kate Tyson

Head of Year

The best part of my role is supporting talented young people as they grow in confidence.

Leo Holloway

Head of Year

I enjoy helping students navigate the exciting journey towards adulthood and independence.

Sue Laird

Sixth Form Administrator

I love supporting students throughout their Sixth Form journey and working with a fantastic team.

Susannah Eatock

Sixth Form Administrator

It is a privilege to work in St Peter's Sixth Form, where dedicated staff are committed to helping every student fulfil their potential.

Lorraine Camilleri

Sixth Form Office Manager & KS5 Assistant Year Leader

Watching students develop from application through to their next adventure is the most rewarding part of my role.

Edel Mulryan

Sixth form operations co-ordinator

I really love the interaction with our students. Supporting, helping and watching the students achieve their goals is such a privilege.

Financial Support

When You Need It.

Student Financial Support is a government scheme to support young people facing financial hardship to continue in full-time higher education. To qualify for student financial support, you must be aged between 16–19 years on 31 August and meet the residency conditions. Want to find out more about financial support and how to apply? Scan the QR code.

VULNERABLE BURSARY

Up to £1,200 per year for students in care, care leavers, or those receiving qualifying benefits.

DISCRETIONARY BURSARY

Available for students eligible for Free School Meals or from households with an annual income of £30,000 or less. Support is provided in kind rather than as a cash payment.

WHAT CAN IT HELP WITH?

Financial support can contribute towards:

- Travel to and from school
- Course books, revision guides and essential stationery
- Educational visits and university open days
- Music tuition and instrument lessons
- Specialist clothing or equipment required for your course

Our aim is to ensure that financial circumstances never become a barrier to achieving your full potential.
